

## Tricia Jeffery – Interior Designer and Owner, Dovetail Interiors

There is no way to know where fate will take you. It was more than a decade ago when Trish started her home accessory business in 2 small rooms in the very building she owns today. No one, including Trish would have ever imagined this.

Dovetail Interiors, now located in Nottawa in the 5,000 sq. ft. building that was formerly “The Pretty River Emporium”. The site is a testament to where hard work and a tenacious drive to succeed can take you.

The building has been completely refurbished from top to bottom and has been lovingly restored to a previous splendor.

Filled to the rafters with the finest furnishing and décor, the building not only operates as her retail showroom but is also the base of operations for her very successful Interior Design business. With countless projects to her credit, her design influence stretches from Toronto to Muskoka, and all points in between.

Born and raised in the area, Trish has pushed herself, and the boundaries of design to create not only the right *look* for her clients, but evoke the right emotion when experienced. “It is not just what hits your eyes when you enter a space. It is as much about the feeling you get from a room that shows the job was done right”

Tricia spent 5 years traveling across Canada as Sico / Para Paints spokesperson and product training consultant. Her design projects include a number of high profile homes in the area, and her work on the Inn at Creemore Hills vaulted her beyond residential design into the world of commercial design. Trish recently worked on the 10,000 sq. ft. expansion of Devils Glen Ski Club and has begun working with the board representing Mansfield Ski Club.

Even with a hectic schedule Trish manages to find time to spend with her teenage son Travis and play in the occasional “Ladies Day” event at Mad River Golf Club where she is a member.

Regardless of whether you are simply looking for the right fabric for your sofa that is sure to work with the surroundings or you are building an addition or a second home, Trish can make it all work. Colours, textiles, finishes and even the right appliances, no detail is too small. No detail is overlooked.
